CURT

THE ONLY TRUE WORK TRUCK MAGAZINE COVERING CLASS 1-8 FLEET VEHICLES

Modern WorkTruck Solutions (MWS) sends your message to the most active industries that use small, medium, and large work truck fleets. Every month MWS features articles about light-, medium-, and heavy-duty work trucks, providing in-depth commentary and solutions for readers to incorporate into their company operations. Editorial topics include maintenance, technology, telematics, upfitting, government regulations, tires, lubricants, fuels, and more. Unlike some magazines that cover vertical segments of the work truck industry or only publish four to six times a year, MWS covers the entire market in each monthly issue. MWS is the work truck industry resource that fleet managers, owners, operators, and maintenance professionals can turn to when they need information and solutions.

UPFIX

Finding the Perfect (Up)Fit for Your Landscaping Business

THESE PRODUCTS IMPROVE ORGANIZATION AND SAFELY MOVE MATERIALS

One thing many service technicians, landscapers, and work truck drivers of all kinds can agree on is that keeping equipment and tools organized is a way to improve business operations. Another thing many work truck drivers and owners can agree on is that the truck must be able to handle the job—safely. We're sharing a few products this month to help keep landscaping vehicles organized and ensure their upfits can handle the job as safely as possible.

AG BODY www.agbody.com

For the landscaper with an abundance of tools, perhaps AG Body's Universal Drawer Units are the answer to an orderly, efficient truck. Universal Drawer Units are sized to fit and built to last. Landscapers and owners are able to specify their compartment dimensions, desired drawer configuration, powder coat color, as well as optional items such as risers, top sheet, side dividers, notched end panels, or T-handle latches. Sheet load capacity, drawer slides are available in heavy duty (250 lbs., super duty (350 lbs.) and light duty (150 lbs.). All steel construction (12 and 14 gauges), complete powder coat coverage, and quality construction make these units durable, especially for mobile applications.

HANNAY www.hannay.com

Hannay's Spray Non-Corrosive (SNC) Series reels are designed specifically for lawn care, agriculture, horticulture, pest control, and other spray-related industries. Primarily constructed of 304-grade stainless steel, these lightweight, low-profile reels provide significant strength and protection advantages in corrosive environments. Handling 3/8-inch through 5/8-inch ID hose and lengths up to 500 ft., these reels support water, pesticides, and fertilizer mixes in standard pressures rated up to 3,000 psi. The SNC Series is available with either a crank or electric-powered rewind with other options including four-way hand guides and a 2M-GST constructed stacking kit.

PULLTARPS www.pulltarps.com

Landscaping companies have the unique job of collecting waste from various sources and ensuring it is disposed of responsibly. That can include hauling dirt, mulch, debris, debris, trim and shrub clippings, and heavy stones. Key items that are pulled are a potential for a citation or an injury. Thankfully, Pulltarps has durable and reliable tarp systems to keep you covered, including the SuperShield System. The most durable tarping system in the industry, the SuperShield is available as fully automatic systems that cover the truck in the flick of a switch and spring-assisted pull tarp systems that are economical and don't require hand cranking. The SuperShield is the landscaping industry's most trusted system.

CTECH MANUFACTURING www.ctechmanufacturing.com

Lightweight aluminum storage solutions help keep landscaping professionals organized while on the job, moving between properties, and anywhere on or off the road. Whether you're a solo operator or a multi-national forestry company, CTECH can help you get the most of your truck and trailer. Metal-Latch® drawer inserts are always custom-built to fit nearly any truck body compartment. Get custom drawers without the custom price or hassle. Eco cabinets are available in standard sizes, developed to excel in trailer applications. Free up floor space and add storage/workbench functionality while keeping your trailer rolling easy down the road.

A FEW OF OUR ADVERTISING AND EDITORIAL PARTNERS:

RAM

“The staff at *Modern WorkTruck Solutions* is always such a joy to work with. We have been given many unique opportunities to highlight our products. We always know we are getting the best value possible for our media buys”.

Heather Huston

Digital Marketing & Graphic Design Specialist, Isuzu Commercial Truck of America, Inc.

OUR REACH

Modern WorkTruck Solutions puts you in front of almost any industry that requires fleets for daily operations. MWS caters to advertisers of products or services for use in a variety of industry segments, allowing you to hit all your marketing targets with one magazine.

Qualified recipients include individuals who are in management including directors and general managers; operations such as operations executives and chief operations officers; corporate/ executive management; vice presidents; owners; purchasing executives; and other professionals within the field served.*

*Publisher's projected data from July 2022

Designed to get the results you need

LEAD GENERATION

CUSTOM EBLASTS

For true lead generation, our custom eBlast program will identify fleet owners and managers from our audience that are specifically interested in YOUR product, then we can tell you exactly who they are! We provide your sales team with a name, company, address, and email so that they can easily connect with potential customers.

WEBINARS

We have the audience; our loyal readers have buying power—we can put you in front of them. Let us host your next webinar and draw on the strength of our experience serving class 1-8 fleets. We promote you through our magazine, website, and direct email campaigns to ensure your success.

MODERN WORKTRUCK SOLUTIONS PRINT/DIGITAL

As the leading magazine serving class 1-8 work trucks, MWS has become the industry standard for fleet management. We deliver a print and digital format each month to our readers so fleet owners and managers can easily get the solutions they need. Our audience has buying power, so make sure your company takes advantage of our in-depth advertising opportunities and keep your product in front of our engaged readers. Explore our many features that are exclusive to Modern WorkTruck Solutions and designed to get you the results you need.

WEBSITE

Our website (www.mwsmag.com) is designed to make it easy for our fleet owners and managers to find exactly what they need, and we can help you reach them through a wide array of advertising products. Take advantage of prestigious high-impact web ad placements that keep you in front of our engaged and loyal audience you need to influence. We offer many exclusive opportunities to help your company stand out from the crowd.

MONTHLY NEWSLETTER

MWS deploys a monthly digital newsletter to 40,000 companies operating truck fleets, delivering news and solutions they have come to rely on. Don't miss the opportunity to be one of our sponsors on the e-news deployment and keep your products in front of this engaged group of fleet owners and managers.

PROGRAMMATIC ADVERTISING OPPORTUNITIES

Let Modern WorkTruck Solutions help you stay in front of fleet owners and managers everywhere they go with their smartphones, work computers, or even when they are streaming TV. We have custom re-targeting programs available that allow your ad messaging to be front and center for companies with class 1-8 work trucks as they check the news, sports info, play games, or anywhere they surf the net on their mobile devices. Want to get a better ROI on your next trade show? Try our Geo-fencing and throw a "net" around the event contacting the attendees at the show.

WHY MWS PRINT?

Studies show print messages are more easily retained and for longer periods of time. *Modern WorkTruck Solutions*' print magazine can be read at the office, on the jobsite, in the truck, or at home. The print edition of MWS can easily be passed along to colleagues as articles of interest are shared between fleet owners, managers, technicians, and tradesperson. This platform allows our advertisers to deeply connect with companies and create stronger branding

WHY MWS DIGITAL?

Although the digital edition of *Modern WorkTruck Solutions* mirrors our print edition, it offers advantages you can't get with print. The MWS digital edition gives you a place to share your company videos with the work truck industry—videos that you have spent time and money on to produce. We can have your video play from a command button on your advertisement in the digital edition that is sent monthly to 40,000 professionals operating work truck fleets. Another great advantage of the digital edition is that everything in your advertisement can be a hyperlink—your website, email address, almost anything. Let MWS help you by sending interested fleet owners and managers directly to you at the peak of their interest in your product or company.

IMPORTANT!

FOR ALL ADS:

- Submit flattened **PDF X-4** pdf files without crop or printers marks.

FULL PAGE ADS:

- Supply a .25 inch bleed on all four sides.
- Respect live area which is at least .25 inch inside of trim.
(Live area 7.625" x 10.375")

Files not exported as a PDF X-4 may result in a grid of white artifact lines when published.

FOR CLOUD UPLOADS: Visit mwsmag.com/ftp.

QUESTIONS? Contact MWS art director, Lisa Avery. Call direct 205.795.0237 or email lisa@mwsmag.com.

BANNER SPECS

- 325 x 125px
- JPG
- 72 dpi
- 150kb max
- RGB color mode

FEATURED PRODUCT

This special promotional section allows a single manufacturer to display its product or service for the work truck market in a half-page or full-page editorial write-up with photo(s). This featured showcase allows you to fully explain what your product or service is, how it works, and more importantly, why companies need it. If you are selected as the "Featured Product" of the month, your write-up is displayed in our print and digital editions going to our circulation of 50,000, as well as home page placement on www.mwsmag.com. It will also be included in our monthly eNewsletter going to 35,000 professionals in a banner ad that links back to your featured showcase. Contact your media consultant to see if your product or service qualifies for this exclusive promotion.

SPECIAL ISSUES

Modern WorkTruck Solutions produces two special issues a year: the "Products and Services Guide" in April and the "Buyers Guide" in December. The goal of the Products and Services Guide is to act as a resource for industry professionals looking for product information and service options for their business. The December issue highlights work truck product manufacturers to help our readers find exactly what they need. Both issues allow an elite group of manufacturers to describe their company and/or product in an editorial piece accompanied by their ad.

TRADE SHOW PROMOS

Take advantage of our special promotional sections leading up to key industry trade shows by featuring your company's presence. Prior to the most important trade shows for our industry, MWS will highlight the top exhibits we suggest work truck industry professionals make a point to see through this special promotional section. It will give you the opportunity to announce what products you are showing, special announcements, and your booth location so you can make the list work truck industry professionals build each year of must-see companies. Contact your media consultant for details and how to qualify.

COVER EAR

Magazines are often placed on desks, racks, and shelves with the cover facing up, allowing passersby to see the cover as well as the intended recipient. A cover is seen by more eyes than any other page of a publication, which ensures any image or wording placed on a cover is most likely to be seen. Imagine your company's name and logo on the cover of an industry-leading magazine. That's possible with *Modern WorkTruck Solutions*. Take advantage of this cover-placement branding opportunity.

OUR LOYAL READERS HAVE PURCHASING POWER

Let *Modern WorkTruck Solutions* host your next webinar and take advantage of loyal readers and their purchasing power. MWS is the industry leader serving work truck fleets, and our audience has come to rely on us as their source for information for class 1-8 vehicles.

WE SUPPLY THE AUDIENCE, YOU SUPPLY THE CONTENT

MWS will promote your webinar using our print and digital editions, custom eblast program, website banner advertising, and social media channels.

YOUR MESSAGE ON TARGET

You set the time and place and we will deliver the fleet audience you need!
